

Social Sebastian Storyboard

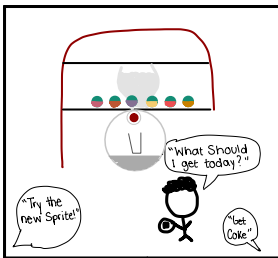

With their sandwiches in hand, Sebastian and his friends approach the beverage station of Andrews Dining Hall.

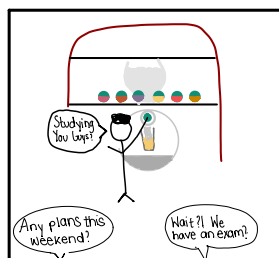

Seeing the long line of people waiting for the Coke Freestyle machine, Sebastian and friends go and grab their cups and continue their conversation in line.

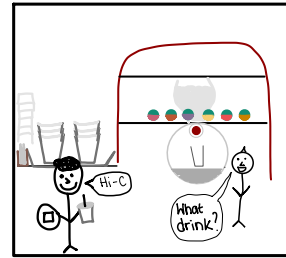

Distracted by their conversation, Sebastian and his friends don't notice the line moving up until reminded by a person behind them. Sebastian moves up to the machine.

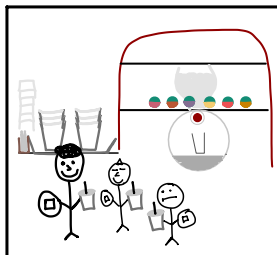

Sebastian places his cup down and begins sifting through the options. Not sure of what to pick, Sebastian asks his friends what they think he should get. He clicks on multiple drink options and looks at the available flavors.

After sifting through the options, Sebastian decides to combine lemonade and sprite. Then continues an earlier non-drink related conversation with his friends while filling up his cup.

When his cup is filled, he moves out of the way and waits for his friends to finish getting their drinks, giving suggestions when prompted.

With all of their drinks filled, Sebastian and his friends head back to their table to enjoy their meal.
